

STANDARD WARRANTY - TERMS AND CONDITIONS

INSTALLATION

- Although we make every effort to expedite your installation, certain unforeseeable events may delay your particular install. Product delays, inclement weather, vehicle breakdowns, installer sickness, etc. are just a few examples that may affect your install date and/or time. You will be called as soon as we become aware a rescheduling is necessary. Rescheduling of any install, REGARDLESS OF REASON, is not a basis for refund or cancellation, either in part or whole.
- Typical installations take from one (1) to four (4) hours, per door unit. Installations are weekdays only (excluding holidays).
- Every job is different, and installations may vary from job to job. DoorVida reserves the right to determine how door glass and sidelights are to be installed. Non-standard doors and sidelights are not a basis for cancellation or refund, as long as DoorVida determines an install can be done without compromise to the integrity of the home.
- Please remove all items in work area to prevent possible damage to valuables. Installers are not responsible for children, pets, or any material items loose or attached, in or around work area. An adult (18 years or older) must always be on the premises while work is being performed unless otherwise notified from contractor or client that work is to be done without an adult on site.
- DoorVida does not guarantee nor take responsibility for stucco, paint, drywall damage or any damage to existing substrate that may occur around door openings.

SECURITY SYSTEMS

- Due to insurance regulations, and for the customer's ultimate safety, DoorVida cannot and will not reconnect security systems. Some systems are designed to lose programming if a wire is disconnected or severed. Some security systems may have wiring that runs through the door or side light sash where cuts to the door or side light is necessary for installation of glass. These hidden wires are not visible in any way prior to cutting the door or side light sash. For that reason, DoorVida cannot and will not be responsible if wiring to your security system is cut or damaged during installation of a glass or door unit.

YOUR DOOR, OUR GLASS POLICIES

- When installing glass into your existing door, the DoorVida installer is trained to inspect your door for any potential problems. If a problem is noted, the installer will discuss the problem with you and your options. If the problem(s) noted results in repairs or replacement of your existing door, you may opt to have another company or DoorVida perform the repairs or replacement. Additional repairs or replacement, whether performed by another company or DoorVida, is not a basis for cancellation or refund of this agreement. DoorVida will allow you however, to apply any funds paid on this agreement toward a door repair or replacement from DoorVida, instead of purchasing decorative glass. DoorVida does not warrant any customer's existing door into which a door glass is installed.

CHANGE ORDERS

- Once your order is placed, you may change your selection ONCE within one (1) working days (excluding weekends or holidays). Any changes to your selection after the allotted time may result in an additional charge of \$100.00 per item changed and does not void the terms and conditions of this agreement.

FINISHING

- DoorVida does not finish doors. Should you need someone to paint or finish your door, we recommend you locate a professional painter. DoorVida cannot and does not accept responsibility for any other contractor's work. DoorVida

cannot and does not guarantee the results you may experience from refinishing your door. DoorVida further recommends fiberglass doors be painted for the most satisfactory results.
